Diesel Engine Troubleshooting and Maintenance Workshop in Seattle

Washington Sea Grant (WSG) and the Port of Seattle Fishermen’s Terminal are cosponsoring a two-day diesel engine troubleshooting and maintenance workshop for commercial fishermen and recreational boaters.

Participants will learn to troubleshoot problems in the fuel, lubrication, electrical, cooling, exhaust and drive systems of diesel engines. They will also receive instruction in proper maintenance techniques to prevent the most common problems. A Volvo Penta three-cylinder engine will be used as a demonstration model.

When: Saturday and Sunday, Jan. 26 and 27, 8 a.m. to 5 p.m.
Where: Nordby Building, Fishermen’s Terminal, Seattle.

The fee is $200. Space is limited, so pre-registration is advised.
To register or for more information, contact WSG Continuing Education Coordinator Sarah Fisken, (206) 543-1225 or sfisken@uw.edu.

Based at the University of Washington, Washington Sea Grant provides statewide marine research, outreach, and education services. The National Sea Grant College Program is part of the National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce. http://www.wsg.washington.edu/
