

## **ALERT: Lane Change Cape Alava, Washington**

### **Cape Alava Chart #1**

A slight modification to the towlane at Cape Alava is now in effect to reduce conflicts between vessel traffic and fishing gear. New positions for Point 2 and Point 3 on the old chart have been created. The new Point 3a (481125 1245900) connects to Point 4 (north outside corner of the fishing area – no change). A new turn Point 8 (481340 1245790) has been created approximately two miles north, extending the lane from new Point 2a (481125 1245705). A new Point 9 (482340 1244875) connecting to Point 8 remains only an advisory point (see below).

<b>Pt.</b>	<b>GPS Positioning</b>	<b>Description</b>
8	481340 1245790	New turn point of towlane Connects to Point 16 Grays Harbor Chart
3a	481125 1245900	New north outside corner of the lane Connects to Point 17 Grays Harbor Chart
