

## Become an Orca Bowl Sponsor!

The Orca Bowl is one of 25 regional components of the National Ocean Sciences Bowl (NOSB®) hosted annually by Washington Sea Grant and the College of the Environment at the University of Washington. The competition brings high school teams from across the state to the University of Washington campus to compete in a day-long competition consisting of rounds of rapid-fire questions on ocean science, policy and technology. Through this educational forum, the Orca Bowl strives to encourage and support the next generation of marine scientists, policy makers, teachers, explorers, researchers, technicians and informed citizens to consider and appreciate the ocean on a regional and global scale.

### HOW YOU CAN HELP

- Support scholarships for student participation
- Provide funds to assist with travel and lodging costs for teams and their coaches (teams travel from all over the state to participate)
- Donate towards general event support (i.e., venue rental, printing, supplies, A/V rentals, etc.)
- Offer tours, field trips and shipboard science experiences to be awarded to participating teams
- Donate study resources (marine-related text books, ocean science literature, etc.) to support the months of preparation that teams engage in.
- Donate fun and relevant mementos that will be used for team prize bags (water bottles, t-shirts, pens/pencils, key chains, etc). Each team that participates receives a prize bag for all of their efforts.
