Well Education and Testing

WET invites you to take a look at the health of your well and learn about keeping your drinking water safe. Washington State Department of Health recommends annual testing of individual wells for fecal coliform bacteria; testing your water is the best solution to identify possible contamination. WET provides homeowners with a local, inexpensive way to test their well water.

When: Sun., May 22, 2016
12 p.m. to 2:30 p.m.

Where: Samples may be dropped off at the following locations:

Hunter Farms
1921 E. State Route 106
Union, WA

QFC parking lot
1403 Old Belfair Highway
Belfair, WA

Fee: Coliform sample (\$25.00); lead sample (\$15.00)

For more information, contact Teri King or Janis McNeal, Washington Sea Grant, 360.432.3054 or wsgcanal@uw.edu

The Collection Form can be downloaded at <https://wsg.washington.edu/wordpress/wp-content/uploads/Well-Education-and-Testing-2016-2.pdf>

Washington Sea Grant, based at the University of Washington, provides statewide marine research, outreach, and education services, helping people understand and address the challenges facing our ocean and coasts. The National Sea Grant College Program is part of the National Oceanic and Atmospheric Administration, U.S. Department of Commerce.
