Marine Electrical Wiring Workshop

[Washington Sea Grant](#) and the [Gig Harbor BoatShop at Eddon Boatyard](#) are cosponsoring a Marine Electrical Wiring Workshop for commercial fishermen and recreational boaters.

WHAT: Designed for boat owners who want to upgrade their vessels' electrical systems. Topics covered include American Boat and Yacht Council standards for safest wiring, selecting wire sizes, circuit breaker and fuse ratings, cable routing and labeling, shore power circuits, battery charging circuits, corrosion protection circuits, engine instrument systems and troubleshooting.

WHO: Recreational boaters and commercial fishermen will benefit from this class

WHEN: Sunday, March 23, 9 a.m.—4 p.m.

WHERE: Gig Harbor BoatShop at Eddon Boatyard
3805 Harborview Drive
Gig Harbor, Wash., 98335

PRICE: \$60; pre-registration required.

For information and registration, contact Sarah Fisker: sfisker@uw.edu or 206-543-1225.

###

Housed in the College of the Environment at the University of Washington, Washington Sea Grant leads research, outreach and education for people to understand and address challenges facing our oceans and coasts.
