

**PORT TOWNSEND • SATURDAY, OCTOBER 3**

# Marine Weather

*Receive workshop notices by email!*

Help us reduce paper, print, and mail costs by choosing to receive electronic notifications of Washington Sea Grant marine workshops.

Send us an email stating that you prefer email notification. We'll remove you from the print mailing list and add you to the email list.

Send your response to: [sgpubs@uw.edu](mailto:sgpubs@uw.edu)

Be sure to include your full name.

*This program is available to all without discrimination. To request disability accommodation, contact:*

206.543.6450 (voice); 206.543.6452 (TDD); or 206.685.3885 (fax).

Washington Sea Grant provides statewide marine research, outreach, and education services. The National Sea Grant College Program is part of the National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce. [www.wsg.washington.edu/](http://www.wsg.washington.edu/)

Washington Sea Grant, NW Maritime Center, and WSU Jefferson County Extension are co-sponsoring a Marine Weather Workshop.

Topics covered include:

- Relationships of atmospheric pressure and wind.
- Determining the path and speed of squalls.
- Strong wind systems found in the Northwest and offshore; how to avoid them.
- Key features of low pressure systems
- How 500mb wind patterns can help you find "weather windows" for safe passages.
- How do pressure gradients affect wind in Washington waters?
- What is a computer model? How do they work and what can they give you?
- How to get NWS and associated weather, forecast, and model data on your computer.

A leader in research, outreach, and education for more than 40 years, Washington Sea Grant helps people to understand and address the challenges facing Washington's oceans and coasts.

Washington Sea Grant is housed in the College of the Environment at the University of Washington.
